

A child's drawing on a light-colored background. On the left, a long-necked dinosaur is drawn in black outline with some blue shading on its neck and body. To its right is a large, dark silhouette of a stegosaurus. Scattered around the drawings are various drawing tools: a pair of scissors, several crayons, and a pencil. The overall style is simple and illustrative, typical of a child's artwork.

Богдан любить
ДИНОЗÁВРІВ.

Він малює їх на картоні.
Потім вирізає та ставить
на полицю.
